INNOVATIVE & COLLABORATIVE

TECHNOSIGHT delivers reliable, energy-efficient
refrigeration solutions for all needs.

ABOUT OUR COMPANY

A BRIEF STORY ABOUT THE COMPANY

Technosight, under the brand ALVO, is a leading manufacturer of commercial and industrial refrigeration equipment in Pakistan. We provide reliable, energy-efficient solutions for supermarkets, meat shops, bakeries, restaurants, slaughterhouses, and custom fabrication projects. With a focus on innovation and quality, we help businesses maintain freshness, hygiene, and efficiency across the cold chain.

BRINGING IDEAS AND INNOVATION
TO LIFE THROUGH TECHNOLOGY

VISION

To be Pakistan's most trusted and innovative provider of refrigeration and cold chain solutions — preserving quality, empowering businesses, and enabling food security.

MISSION

- 01** Deliver high-quality, energy-efficient refrigeration solutions tailored to industry needs in Pakistan.
- 02** Support our clients with end-to-end services, from design and manufacturing to installation and after-sales.
- 03** Drive innovation and reliability in cold chain systems to ensure food safety, hygiene, and operational efficiency.

MAJOR FACTOR

RIISING DEMAND FOR COLD CHAIN INFRASTRUCTURE

With the rapid growth of Pakistan's food, retail, and healthcare sectors, there is a significant rise in the demand for cold storage and refrigeration systems. Businesses now require reliable infrastructure to preserve perishable goods, reduce waste, and maintain supply chain efficiency—especially in urban and semi-urban areas.

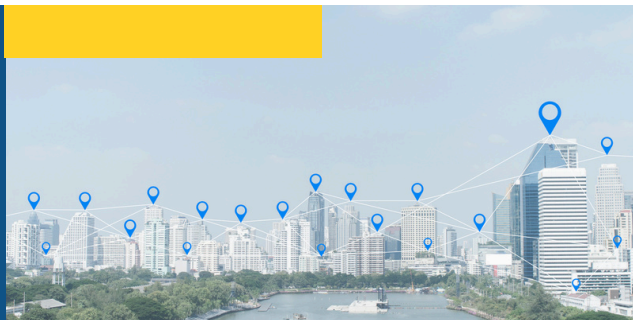

FOCUS ON FOOD SAFETY AND HYGIENE

Consumers and regulators alike are placing greater emphasis on hygienic food handling and storage. This shift has created a need for advanced refrigeration solutions that support cleanliness, compliance, and temperature integrity. ALVO systems are designed to help clients meet safety standards, particularly in meat, dairy, and bakery operations.

NEED FOR ENERGY-EFFICIENT, SCALABLE SOLUTIONS

As energy costs rise and sustainability becomes a priority, businesses seek refrigeration systems that are both efficient and adaptable. Our products are engineered for performance, durability, and low energy consumption—while offering the flexibility to scale from small retail shops to large cold storage warehouses.

PROBLEM

Pakistan faces a growing challenge in preserving perishable goods across its food, health, and retail sectors. Inadequate refrigeration leads to product spoilage, economic losses, and health risks, especially in rural and underserved urban areas.

SOCIETY

From farmers to retailers, many struggle to preserve product quality, leading to waste and rising costs.

CLIMATE AND ENVIRONMENT

Rising temperatures and outdated systems increase energy use and environmental strain.

INFRASTRUCTURE

Many areas lack access to efficient, modern refrigeration — especially in growing urban centers.

OUR SOLUTIONS

Technosight (ALVO) delivers energy-efficient, scalable systems tailored for Pakistan's needs — reducing waste and improving sustainability.

SOLUTION

A BRIEF STORY ABOUT THE SOLUTION

At Technosight (ALVO), we're redefining how refrigeration works in Pakistan. Our solutions are designed with local conditions, business needs, and sustainability in mind.

We **manufacture** and deliver custom-built, energy-efficient refrigeration systems that serve a wide range of industries — from supermarkets and bakeries to slaughterhouses and large-scale cold stores. Every unit is built to perform reliably in Pakistan's demanding climate and infrastructure.

By offering **turnkey services** — from design and fabrication to installation and after-sales support — we empower our clients to reduce waste, maintain product quality, and grow their operations with confidence.

Whether it's a small meat shop or a nationwide distribution chain, our **mission** is to keep Pakistan cool, fresh, and moving forward.

SWOT ANALYSIS

**BRINGING IDEAS
& INNOVATION
TO LIFE THROUGH
TECHNOLOGY**

STRENGTH

- In-house manufacturing
- Local expertise and service network
- Customizable & scalable systems
- Trusted by major local clients

WEAKNESSES

- Limited international reach
- Brand visibility still growing
- Marketing and online presence development
- Heavy reliance on industrial demand

OPPORTUNITIES

- Expanding urban retail and food industries
- Government support for food safety
- Rise of export-grade meat and dairy products

THREATS

- Import-based competitors
- Power instability affecting cold chain efficiency
- Inflation impacting capital spending

PRODUCT OVERVIEW

A BRIEF STORY ABOUT THE COMPANY

Technosight delivers high-performance, energy-efficient refrigeration solutions for food, retail, and industrial needs. With a focus on quality and innovation, our products are built to preserve freshness, optimize operations, and meet global standards.

**BRINGING IDEAS & INNOVATION
TO LIFE THROUGH TECHNOLOGY**

REFRIGERATION

Technosight provides reliable, energy-efficient chillers, freezers, and cold rooms designed for supermarkets, restaurants, and industrial use — built to preserve freshness and performance.

CUSTOM FABRICATIONS

Our company specializes in custom stainless steel fabrications for kitchens, cold rooms, and commercial setups—designed to match your exact needs with precision and durability.

SLAUGHTER HOUSE

SUPPLY AND INSTALLATION OF SLAUGHTER HOUSE

Technosight has extensive experience in the planning, design, and installation of modern slaughterhouses, ensuring efficient, hygienic, and compliant meat processing facilities tailored to industry standards.

TECHNOSIGHT PAKISTAN

**BRINGING IDEAS & INNOVATION
TO LIFE THROUGH TECHNOLOGY**

COLD ROOM SOLUTIONS

SUPPLY AND INSTALLATION OF COLD STORAGES

Technosight has extensive experience in the planning, design, and installation of modern slaughterhouses, ensuring efficient, hygienic, and compliant meat processing facilities tailored to industry standards.

THANK YOU

WE ARE READY TO ASSIST YOU

1. We're ready to assist you with smart, reliable solutions.
2. Always here to support your refrigeration and fabrication needs.
3. Count on Technosight — we're ready to assist you anytime.
4. Your solution starts here. We're ready to assist.
5. Need help? Technosight is ready to assist you every step.
